

Why I voted Yes on H.R. 2480, the Administrative Conference of the United States Reauthorization Act

I voted Yes on H.R. 2480, the Administrative Conference of the United States Reauthorization Act. The bill would reauthorize the Administrative Conference through 2014 while reducing its funding by 10 percent. The Administrative Conference is an independent agency created to analyze the federal administrative law process and provide Congress and the President with recommendations and guidance on ways to improve the process. The Conference's recommendations have historically led to millions of dollars savings. The Conference is a cost-effective, worthy agency to reauthorize while cutting back on its budget.
